

# LIBRARY MANAGEMENT SYSTEM GLOSSARY

## 1. Introduction:

This document is used to define terminology specific to the problem domain, explaining terms, which may be unfamiliar to the reader of the use-case descriptions or other project documents. Often, this document can be used as the informal data dictionary, capturing data definitions so that use-case descriptions and other project documents can focus on what the system must do with the information.

## 2. Definitions:

The glossary contains the working definitions for the key concepts in the Librart management system.

**2.1. Deposit:** a sum of money that is paid by somebody when they rent something, and that is returned to them if they do not lose or damage the thing they are renting.

**2.2. Librarian:** a person who is in charge of or works in library

**2.3. ISBN:** International Standard Book Number.

**2.4. Catalog:** A complete list of items, for example, a complete list of book in the library

**2.5. Compensation:** a sum of money that is paid by somebody who damaged the book or property of the library.

**2.6. Submittal:** The action or an act of submitting something or to something.
